Good Morning Rich-

Thank you for the summary of our discussion regarding the currently filed FOIA request. I note that we did request copies of any records that pre-date Excelsior's application, though we did not anticipate there would be many.

I look forward to receipt of the documents and to continuing to work with you,.

Best regards,
Carla.

Carla, Dietrich,

Thanks for discussing the FOIA today. I have the following understanding of how to proceed with our response:

1. Our search extends back to the date Excelsior submitted the UIC permit application.
2. We will provide you with an initial response comprised of records of public comments received by EPA related in any way to the UIC Permit and all records of communications between EPA and the public related in any way to the UIC permit by Friday December 15, 2017, with the understanding that our centralized computer search may turn up additional responsive records and require a supplemental production of such documents in our final FOIA response.
3. We will provide you a second set of responsive documents comprised of internal EPA communications by December 29, 2017. As we discussed, due to the Holidays, and the time it takes to conduct the centralized search, it is likely we will need additional time to provide you a final (third) response to the FOIA in January.
4. We will not need to provide you with Outlook calendaring records, with two exceptions: (1) we will produce such records if they contain discussions beyond simply "date/time/meeting location" details, and (2) if they reference meetings with outside third parties.
5. We will not need to provide you with drafts of the permit's public notice that were attached to internal EPA communications. As mentioned, any drafts would not have been shared externally.

Do not hesitate to contact me if I missed something. Thanks again for your flexibility.

Sincerely,

Rich
